About the Institute

Shri. Shamrao Patil (Yadravkar) Educational & Charitable Trust's Sharad Institute of Technology, College of Engineering, Yadrav is **An Autonomous Institute** approved by AICTE, New Delhi, Recognized by Government of Maharashtra. It has been established in the year 2009 with a view to build a bright future for the young people of rural part of our country.

The motto of the college is to provide best quality technical education to the student from rural background and motivate them to become creative and responsible engineers aware of social implications of their work as well as flexible enough to adjust the rapid changes taking place in the engineering domain, which is a need of the country to develop as one of the leading industrialized nation in the world.

**About Indian Society for
Technical Education (ISTE)**

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making Society for the Technical Education System in our country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System.

About the Program

Teaching fraternity is the back-bone of a higher education system and it becomes imperative for a teacher to upgrade his/her knowledge and competencies on continuous basis through research & development and connect it with the problems of industry and society as a whole.

The aim of the FDP is to introduce young teachers and researchers to the latest trends in research and design and also to introduce new research techniques to experienced faculty members.

Objectives

- The course is proposed to generate and impart knowledge on recent advance materials in civil engineering and sustainable infrastructure.
- To provide the knowledge about various developments in the area of civil engineering and other sustainable materials those are used for infrastructure development.
- Provide a forum to keep engineering faculty abreast of the emerging trends in civil engineering.
- Create the culture of learning and self-improvement.
